

## Burasoft 6225/L

### Features

Burasoft 6225/L is a diagonally braided silicone oil-free PTFE packing with lubricant. The packing can be used universally in the chemical, pharmaceutical and food industries.

### Key physical characteristics

Operating temperature min. [°C]	-200,00
Operating temperature max. [°C]	250,00
Medium pressure max. [bar]	25 P 25 M
Speed oscillating [m/s]	2,00
Speed rotating [m/s]	20,00
suitable for pH value	0-14
P*V factor	100,00

All technical specifications are based on extensive tests and our many years of experience. The diversity of possible applications, however, means that they can serve only as guide values.

We must be notified of the exact conditions of application before we can provide any guarantee for a specific case. This is subject to change.
